A FATAL HUNT.

Drowning of Thomas Duane in the Boynton Slough, and Narrow Escape of Fred Hagerman.

Last Sunday, Samuel Kinkead and Fred Hagerman, went down to the Boynton slough, duck shooting. At the slough they were joined by a young man named Thos. Duane, who was working on the ranch for John Boynton. Duane had killed two ducks before they arrived which were in the tules out of reach. He told the boys about it and he and young Hagerman took an old boat and started out for the game. Finding the boat leaking badly they pulled for shore and had got within about twenty or twenty-five feet of the shore when the boat went down. Both left the boat to swim out, but Duane did not succeed in getting six feet from the boat when he sank and was drowned. Young Hagerman being an excellent swimmer and maintaining his presence of mind, with great difficulty worked his way through the thick moss and tules and reached the shore nearer dead than alive. After resting a short time he called Kinkead who was some distance off and knew nothing of the difficulty. Mr. Boynton was immediately called but arrived too late to render any assistance to the man who was drowned. Hagerman was removed to Boynton's house and after being provided with dry clothing and proper stimulants he soon recovered. Coroner Dickens was notified and went down with a party and succeeded in recovering the body and brought it to Reno. An inquest was held upon the body yesterday which developed the fact that the young man's name was Thomas Duane, a native of Virginia City, Nevada, aged 20 years. Deceased leaves a younger brother, who is in the employ of John Boynton, one sister in San Francisco, and three little brothers at Grass Valley, Cal. The mother of the children is dead, but the father is supposed to be living, but his whereabouts is not known.

Although one of the best boys in the world, entertaining a respect and reverence for his parents akin to adoration, it is but just to say that Freddy Hagerman joined this Sunday hunting expedition against their advice and better judgment, and has learned a lesson he will remember as long as he lives.

A Report From a "Journal" Correspondent.

The Cedarville folks had some races on the 12th, 13th and 14th, of which a JOURNAL correspondent sends the annexed particulars. On the 12th the first race was a 1/4 mile dash between Lulu Riggs and Hancock, and won easily by Lulu in 1:19. The second race was a 1 1/2 mile dash, Harry B. beating Lady F. in 2:25. On the 13th the first race was a Novelty race between Lulu Riggs and Harry B., Lulu winning the first three quarters and Harry B. the last quarter of the mile. The trotting race, same day, was won by John Jackson, Lilly winning the first and third, and Jackson the second, fourth and fifth heats. Time 3:10, 3:11, 3:10 1/2. A scrub race of a quarter of a mile was won by Charley Hironymous, beating Frank Courtmarsh. On the evening of the 13th a grand ball was given, and a fine supper spread, by the Allenwood Bros., of the Golden Eagle Hotel.

THE SHOOTING MATCH.

Nevada Two Points in the Lead—The contest to be Decided This Morning.

The great inter-State shooting match commenced at Carson yesterday, but was not concluded as night came on, and the shooting was postponed until this morning. All of the shots were fired except six by Perkins, of the California, and the same number due Saffell, of the Nevada. The total score left the Nevada team two points ahead. The match is a close one, and much depends upon the steadiness of Saffell's nerve this morning, but knowing ones say Perkins is not so very steady and true. 'Rah for Nevada.

Accident at Carson

For the convenience of spectators the Carson Guard put up a raised platform near the 500 yard range at the shooting grounds yesterday, which became so densely packed that it gave way, precipitating at least 100 persons to the ground, injuring several, but not seriously hurting any body, which is all the more wonderful from the reason that more than half of them were women and children. Only one lady was hurt, Joe Cowling was injured in the back; Dick Dwyer had an ankle sprained; Dean Hatch, Ormsby's County Clerk, had one of his legs bruised; Dr. S. L. Lee had an ankle slightly sprained.

Arm Broken.

Last Sunday James Pollock, a ranchman in Spanish Springs Valley, was coming down the grade in the Thomas' Canyon with a load of lumber and was thrown from the wagon in such a manner as to break his arm, besides being otherwise badly bruised. Dr. Waggoner fixed up the injured limb and the patient is getting along all right, though he will not be able to haul lumber for several weeks to come. Less than two years ago this same arm was broken, and within an inch of the present break.

The M. E. Conference.

The Nevada Annual Conference will convene in Truckee, Wednesday Sept. 26th. Bishop Warren will be in attendance, and there will be present about 20 ministers. This being the year of election of delegates to the general conference, which meets once every four years, the lay conference will also meet in Truckee the same week to elect the lay delegates. Notice of special meetings will be given in due time. Mr. Carver expects to get Bishop Warren to give his very popular lecture on astronomy.

They Met by Chance.

Col. Ayers, of the California Field and Farm, and Pete Evans were together with Sherman on his famous march from Atlanta to the sea, and yesterday by chance met and recognized each other. A reporter tried to interview them but they were too deeply absorbed in fighting over the old battles and in recounting the numerous exciting adventures encountered on the trip to talk with anyone.

Approaching Completion.

O. Lonkey, of the firm of Lonkey & Smith, and one of the contractors for constructing the bridge across the river this side of Verdi, was in town yesterday. He says the new bridge is nearly completed, and if the workmen meet with no accidents teams can cross next week. A good wagon road has been made from the bridge to Verdi, and when the bridge is completed that dangerous sand grade will be avoided.

A Chance for Sportsmen.

The Austin people have organized a company of hunters to wage a war of extermination on rabbits, coyotes, foxes and doves, which together are destroying all the crops in that vicinity. The plan is to divide the hunters into two parties and the side killing the lesser number of these pests to pay the expense of an oyster supper for the whole outfit.

Excursionists Returned.

Assessor Stoddard, Dick Smith and others who went to Pyramid Lake last week on a fishing excursion returned Sunday. They brought in a small barrel of fish, a lot of quail and a live pelican. The pelican was presented to W. B. Chamberlain and was turned loose in the depot oasis. The bird is about half grown and is already quite tame.

A Good Crop.

A Washoe county farmer has raised this year forty tons of cabbage on one acre of ground. At one cent a pound, (and cabbage always finds a ready market at that price, and usually much more,) this farmer will realize \$800 for his labor on one acre of ground.

C. W. Holcomb.

The JOURNAL is in receipt of the card of C. W. Holcomb, attorney-at-law, 611 F street, Washington; D. C. Mr. Holcomb practices in the U. S. Supreme Court, Court of Claims, before Committees of Congress, and in all the Departments of Government at Washington; obtains patents to all classes of public lands, and gives special attention to all contests before the General Land Office and Interior Department. Mr. Holcomb has had an experience of eleven years in the General Land Office as Chief of Pre-emption Divisions, Recorder, Chief Clerk and Acting Commissioner, and Inspector of Surveyors General, and District Land Offices, and one year as Law Officer of Indian Bureau, and Nevada people who have business of any nature of the character referred to will find it promptly and correctly attended to by Mr. Holcomb, if entrusted to him.

A Worthy Enterprise.

Considerable enthusiasm is manifested in the matter of collecting a mineral cabinet for the Reno High School. Over 150 valuable mineral and botanical specimens have already been donated, and enthusiastic friends have signified their willingness to subscribe sufficient funds to provide the school with a suitable cabinet case. The Superintendent will be glad to receive any donations for the museum any citizen may see proper to make. It is desirable that donors give their names with locality from whence specimens are obtained and if possible the names of the specimens, in order that each may be properly labeled and a complete history kept of all the specimens.

A Wedding Party.

A brilliant wedding party occurred at the Golden Eagle Hotel Sunday the principals being Mr. Peter Plant, of Truckee, Cal., and Miss Jessie Nickelson, of Sierra Valley. The marriage knot was tied by the Rev. Geo. W. De La Matyr, in the presence of Geo. Grant and wife, W. D. Tait and wife, John Plant and Miss Mary Grant, Thomas Leggett and Alex. Moody, all of Truckee, and A. H. Barnes and family, of the Golden Eagle, and many other Reno friends and acquaintances. The happy couple, with their Truckee friends, left on the train Monday morning for their home in Truckee. The JOURNAL casts the traditional slipper and wishes Mr. and Mrs. Plant a long, prosperous and happy wedded life.

A Small Variety Farm.

Uncle Wright has a small patch of corn in his garden, on Sierra street, with large, plump ears, equal to the best raised on the Western prairies. In addition to this he has an endless variety of vegetables and small fruits, which by careful cultivation is made to yield amazingly. Among the curiosities is a prolific crop of old fashioned ground cherries and Jerusalem artichokes. Mr. Wright does not raise vegetables for sale, but is exclusively engaged in the business of furnishing seeds and early plants to others, in which he does a lively business every Spring.

Public Surveys.

The extra clerks and draughtsmen in the U. S. Surveyor General's office have been laid off temporarily. Over \$60,000 worth of work has been done in the office since Mr. Powning took charge. All the work on hand has been cleaned up. There are yet several special deposit contracts out to come in and regular appropriation work to do, besides mineral work, which will necessitate a full force being put to work again in a few weeks.

Prepared Flour.

The proprietors of the Silver Star Mill are putting in machinery for the purpose of manufacturing what is known on this Coast as "prepared flour." The gentleman who first introduced that kind of flour in California is superintending the work. Every old Californian will want a sack of that flour to remind him of old times.
